

OPTIONS TO SUPPORT THE MCCORMICK ARTS COUNCIL AT THE KETURAH (MACK)

MACK: LEGACY FUND

This CPA managed “MACK Legacy Fund” is designed to ensure the organization’s long term success. By allowing designated contributions to develop a return through this managed fund, the MACK is able to access critical funding while allowing the balance to increase through a well managed development plan. **Smart investment, designed to grow, providing long term programming.**

By increasing contributions from major donors, corporate partners, foundational support and public funding and achieving the financials goals of the Campaign, the MACK will be able to prepare for growth in operations, programming and facility improvements to better serve McCormick County and the region. At the conclusion of the capital campaign, the earnings from the increased MACK Legacy Fund will be used to supplement the budget for increased annual operating support. Over the next five years, the results and impact of the money raised, will advance the programs, events and activities within the cultural district, restoring the health of the historic site and adding to the economy of the developing McCormick County.

MACK: ANNUAL GIVING

The MACK is an anchor in the McCormick. The organization has served the community for 30 years. By committing to an annual gift you are allowing the continuation of quality programs and greater impact into our community. **Imagine the possibilities!**

The MACK always appreciates contributions, of any size, to aid with the daily needs and ongoing programs of the organization. These contributions can be for general operation needs, scholarships, or in support of specific programs or areas of need. For these patrons of the arts, we are able to present personalized methods of recognition for their contribution. These items are designed and presented to continue their legacy and express our gratitude for their generosity.

RESTORATION GIFT

The McCormick Arts Council is committed to advance the cultural development of McCormick County through a project for a complete restoration of the Historic Keturah Hotel. The specific plan would focus on achieving electrical upgrades, providing an elevator for accessibility and public restrooms with ADA compliance as outlined in a detailed project plan provided by The Boudreaux Group. This will allow access and use to all levels of the underutilized facility. This plan includes specific phases to allow the 8,000 square ft. facility to achieve ADA compliance while retaining the historic integrity of the host site for McCormick County’s cultural center. **Your contribution could help provide the keystone in our community’s growth!**

The future of the MACK, Historic Downtown McCormick, and McCormick County is dependent on a strong collaboration of efforts and a plan to leverage existing assets. The MACK and the developing cultural partners are a crucial part of the success of our community. The MACK envisions the cultural center to advance and be the foundation of a thriving creative community and art industry. Future programs include increased advanced art education, a heightened community awareness campaign, marketing and promotional tools, advanced graphics and design consulting, greatly improved tourism related income and a nationally recognized destination and asset. Projects will be developed to target specific economic development plans, impact studies and quality products as they relate to a healthy creative culture.

The MACK Endowment will remain as an alternative funding recipient for donors to contribute to if desired. Please see the related documents available. A **bequest to the McCormick Arts Council** is a simple and convenient way to provide important support for McCormick County’s cultural center. Please consider discussing these options with your financial advisor and attorney.
